About This Content

The warriors of Tenochtitlan rush into battle! Play as the fierce Aztecs – an aggressive civilization that focuses on strong warriors, spies and priests.

Aztec units gather experience and will evolve through combat instead of technology.

Warriors can capture prisoners that can be later sacrificed to obtain blessings or summon a Hero. Priests can heal allied units and curse enemy units, slowing them down and lowering their armour. Spies are invisible and can be used to gather intelligence or take down high profile targets. Fend off enemy archers using your Atlatl and tear down your opponent's defenses with the invincible Shorn Ones.

- Play as the Aztecs in every Singleplayer and Multiplayer mode.
- Unique Experience, Prisoner Capturing and Sacrifice mechanics.
 - 6 unique Challenges.
 - 16 buildings, 20 units.
- 2 heroes: Ahuizotl and Acamapichtli.

So...because they don't have mounted units, enemy civs can just make mounted archers and kite you. not fun.. Really fun civ to play, I can recommend this civ to everyone after playing the civ for +/- 1200 hours. It's unique aspects are incredibly fun, especially if you come from Warcraft 3. The historical accuracy of this civ is incredible too. I would rate this civ higher than I am right now.
